INTRODUCTION

The annual Maritime Bibliography has now entered its fourth year, and follows its established pattern. It includes books and articles in English and foreign languages published in 1986, as well as some works published in previous years. As usual, readers are advised to consult the 'General' section for works covering more than one chronological period.

The subjects included are as follows: naval history; mercantile history; nautical archaeology (but not the more technical works); biography; voyages and travel; the development of nautical sciences; ports and harbours; art and weapons and artefacts.

The titles of Journals have been abbreviated in accordance with International Standard 833, with the exception of the following:-

The Mariner's Mirror - M.M.
The American Neptune - A.N.
The Great Circle - G.C.
The International Journal of Nautical Archaeology - IJNA
Marinehistorisk Tidsskrift - M.T.
Maritime Wales - M.W.
Rivista Marittima - R.M.
Spiegel der Zeilvaart - S. der Z.
Tijdschrift voor Zeegeschiedenis - T. voor Z.

Prices quoted in £ are Sterling and in \$ are US Dollars unless otherwise stated, and are listed only for guidance. Unless otherwise stated, the date of publication is 1986 and the place of publication is London. In the case of periodicals the volume number has been underlined, and may be followed by the part number or month. In the case of some foreign books, an English price may have been quoted by reference to Mainmast Books' catalogue, if the foreign price has not been ascertained.

The Bibliography is prepared and edited by:-

Mrs Mary Patrick MA ALA, Librarian of the National Maritime Museum,
Michael S Partridge PhD of the London School of Economics
Simon Ville PhD of the University of Manchester Institute of Science
and Technology.

It is particularly requested that all correspondence relating to the Bibliography be sent c/o the Hon Editor of The Mariner's Mirror at Meadow Bank, 26 Lucastes Road, Haywards Heath, West Sussex, RH16 1JW, England, and not to the above. He will forward such items to the appropriate compiler.

The Council of the Society for Nautical Research is most grateful to the National Maritime Museum for agreeing to the participation of Mrs Patrick. During 1986-7 the compilers have, once again, surveyed over 300 periodicals, British and foreign, and, as before, have benefitted greatly from the contributions of readers, without whom the coverage of non-English works would have been less extensive than it is. All our readers, especially those living outside the United Kingdom, are urged to write to the Hon Editor with suggestions for works to be included in the Bibliography for 1987.

The compilers would like to thank the following for their contribution to this year's Bibliography:-

Margaret Deacon
H.C. Forster
Cdr F.C. van Oosten RNLN (ret'd)
Muriel Parry
Richard Hawkins

Mrs Karen Partridge has once more undertaken the onerous task of typing the final text of the Bibliography for typesetting.

A POSTSCRIPT FROM THE HON EDITOR

Unfortunately quite a few of the more important works listed in the Bibliography for 1986 were not reviewed in The Mariner's Mirror. If any of our Members, especially those overseas, is in direct contact with publishers, could they please be reminded that the M.M. would welcome review copies which should be sent direct to the Hon Editor at the above address.

THE MARINER'S MIRROR BIBLIOGRAPHIES FROM 1983 to 1985

Copies of the above (and extra copies of this Bibliography for 1986) are available from the Hon Editor at £1.75 each (£2.00 by air mail) inclusive of postage.

Would Members ordering from outside the U.K. please send an International Postal Money Order payable in Sterling: due to the high clearing charges levied by English Banks it is regretted that cheques drawn on U.S. and Canadian Banks cannot be accepted for such small amounts.

Remittances should be drawn in favour of THE SOCIETY FOR NAUTICAL RESEARCH and sent to the Hon Editor at the following address:-

Meadow Bank
26 Lucastes Road
Haywards Heath
West Sussex RH16 1JW
England

SUGGESTIONS FOR THE MARINER'S MIRROR BIBLIOGRAPHY FOR 1987

Members are warmly invited to submit suggestions for inclusion in the 1987 Bibliography which will be published with the November 1988 issue of The Mariner's Mirror. Particulars of relevant books and articles published outside the British Isles will be especially welcome, as wide coverage of such material will enhance the usefulness of the Bibliography.

Attention is drawn to the opening paragraphs of the Introduction to this issue which sets out the general scope of the Bibliography. Details of works published during 1986 and 1987 only should be forwarded to the Hon Editor of The Mariner's Mirror not later than 30 April 1988. The Hon Editor will pass these suggestions to the appropriate compiler.

It would greatly assist the compilers if such suggestions were in the format which appears below:-

SUGGESTED PUBLICATION TO BE INCLUDED IN THE M.M. BIBLIOGRAPHY FOR 1987

Address

THE SOCIETY FOR NAUTICAL RESEARCH

FOUNDED 1910

The Society was founded in 1910 to encourage research into matters relating to seafaring and ship-building in all ages and among all nations, into the language and customs of the sea, and into other subjects of nautical interest.

The Society ensured the survival of Nelson's flagship by raising the *Save the Victory* Fund and has been closely associated with her restoration. It has assisted the Frigate *Foudroyant* in her present role of youth training and, more recently, supported the return of S.S. *Great Britain* from the Falkland Islands and the placing of her in the dock at Bristol from which she was launched in 1843.

The Society paved the way for the foundation of the National Maritime Museum at Greenwich and the new Royal Naval Museum at Portsmouth.

The Society's quarterly journal *The Mariner's Mirror* is internationally recognized as a leading authority in nautical history and archaeology and information about seafaring throughout the ages.

The annual subscription entitles a member to receive *The Mariner's Mirror* and the Annual Report and to attend the Annual Meeting.

Subscription rates are as follows:

		Canada & USA	All other Countries
	1987	1988	
Ordinary Members	\$30	\$40	£15
Institutional Members	\$40	\$55	£20

N.B. All subscriptions run from 1 January in each year and are renewable on 1 January thereafter.

Institutional Members include Libraries, Museums, etc., where *The Mariner's Mirror* is displayed or made available.

Will all members please ensure that the society does in fact receive the full subscription, which may be remitted in sterling or in currency, **without exchange or other deductions**.

Subscriptions from Members and Trade Subscriptions, whether paid direct or through Agencies, should be sent to the Hon. Membership Secretary at the address shown on the back cover.

Enquiries relating to the Society and its activities should be made to the Hon. Secretary, The Society for Nautical Research, 2 Drakes Drive, Northwood, Middlesex HA6 2SL.

N.B. Claims for missing issues can only be entertained if made within three months. Such claims and all enquiries relating to permission to use material appearing in the *Journal* should be made to the Hon. Editor at the address shown on the back cover.

CONTRIBUTIONS TO *THE MARINER'S MIRROR*

The aim of the Society being to arrive at true conclusions through free discussion, it is distinctly to be understood that the Editor is not held responsible for statements made in the *Journal*. The Editor reserves the right to submit contributions to referees when appropriate. All contributions and correspondence should be addressed to *Brian H. Dolley, Meadow Bank, 26 Lucastes Road, Haywards Heath, West Sussex*. No payment is made for contributions.

All contributions should be typed, with double-spacing and with a wide margin, on one side of the paper only and with the name and full postal address of the author on the last page. Contributors are asked to keep their articles and notes as short as possible – as a general rule they should not exceed 8,000 words – illustrations and tabular matter should be kept to a minimum.

Photographs should be half-plate size ($4\frac{3}{4} \times 6\frac{1}{2}$ in.) and printed on glossy paper: nothing should be written on the reverse, any captions being typed on a separate sheet. Line drawings should be in Indian ink on cartridge paper some 50 per cent larger than the size in which they will appear. Authors are asked to suggest the approximate position where each illustration should appear in their articles.

Names of ships should be underlined to denote *italics* and not be written between inverted commas and particular care should be taken in preparing footnotes incorporating references to documentary sources. *References and footnotes must be kept to the minimum*. Contributors of Articles only receive 25 free offprints.

N.B. Due to the high cost of postage the Editor regrets he can no longer return contributions from overseas unless they are accompanied by International Reply Coupons sufficient to cover the return postage.
